HEALING THE LONG-TERM EFFECTS OF CHILDHOOD ADVERSITY

NADINE BURKE HARRIS, MD, MPH, FAAP

Founder and Chief Executive Officer, Center for Youth Wellness

In the morning, Dr. Burke Harris will reveal the science behind childhood adversity and offer a new way of understanding the adverse events that affect us throughout our lifetime. Based on her groundbreaking clinical work and public leadership, she will show us how we can disrupt this cycle through interventions that help retrain the brain and body, foster resilience, and help children, families, and adults live healthier, happier lives. Linking ACEs to chronic health conditions, identifying long term implications for mental and physical well being, and learning how ACE informed practices can positively impact public health will also be discussed.

11:45 A.M. - Lunch

Being explored! Possible opportunities for Nadine to sign copies of her new book 'The Deepest Well' released in January.

12:30 - 3:00 P.M.
