LaSalle School - Residential Services: 2018-2019 Visiting Schedule**(Effective: 06-05-2018)**

A resident's visiting plan is an important part of his treatment plan. From the first day a resident arrives, he is interested in knowing when he will be able to visit home. When the initial conference takes place, and his treatment plan is discussed, the treatment team, placing agency and family discuss his first home visit. Safety issues, high risk behaviors, and family circumstances are all factors that determine if a visit will be possible. The social worker is the primary person who arranges visits with the family. Visits could be scheduled as often as twice a month. If a resident is eligible for visits, this form provides the list of dates these visits may take place. An individual resident's visit may be for all or part of the dates listed below, based upon his circumstances and treatment plan. It is very important that a resident returns on the date he is scheduled to return to LaSalle - no later than 6:00pm. If a resident is unable to visit home during a scheduled weekend, his parent(s) may make arrangements with the social worker for an on-campus visit. It is helpful to discuss each visit with the social worker afterwards to review how the resident behaved during the visit and share any concerns that you might have. Home visits are an opportunity for a resident to show improved behaviors and good self control. A resident is expected to spend visits at home, supervised by family. All parties should adhere to the pre-arranged home visit contract. When discharge nears, a special schedule of visits will be worked out with the family and social worker. For your reference, the 2018-19 School Calendar is on the reverse. Please, note Visit Schedule is subject to change.

Friday, June 29 th (morning) - Friday, July 6 th	INDEPENDENCE DAY- 2018
